About RLG

Headquartered in Munich, RLG authenticates as a PRO (Producer's Responsibility Organization) and specializes in EPR (Extended Producer Obligations) plans for the manufactures / producers. It has over 30 years of experience in delivering company and country-specific solutions to customers across the sectors. RLG, on behalf of the producers takes the responsibility for collection and channelization of waste generated from 'end-to-life' of their products. (e.g., achieving collection targets, setting up collection centers, implementing take-back mechanisms and conducting awareness campaigns and environment management services).

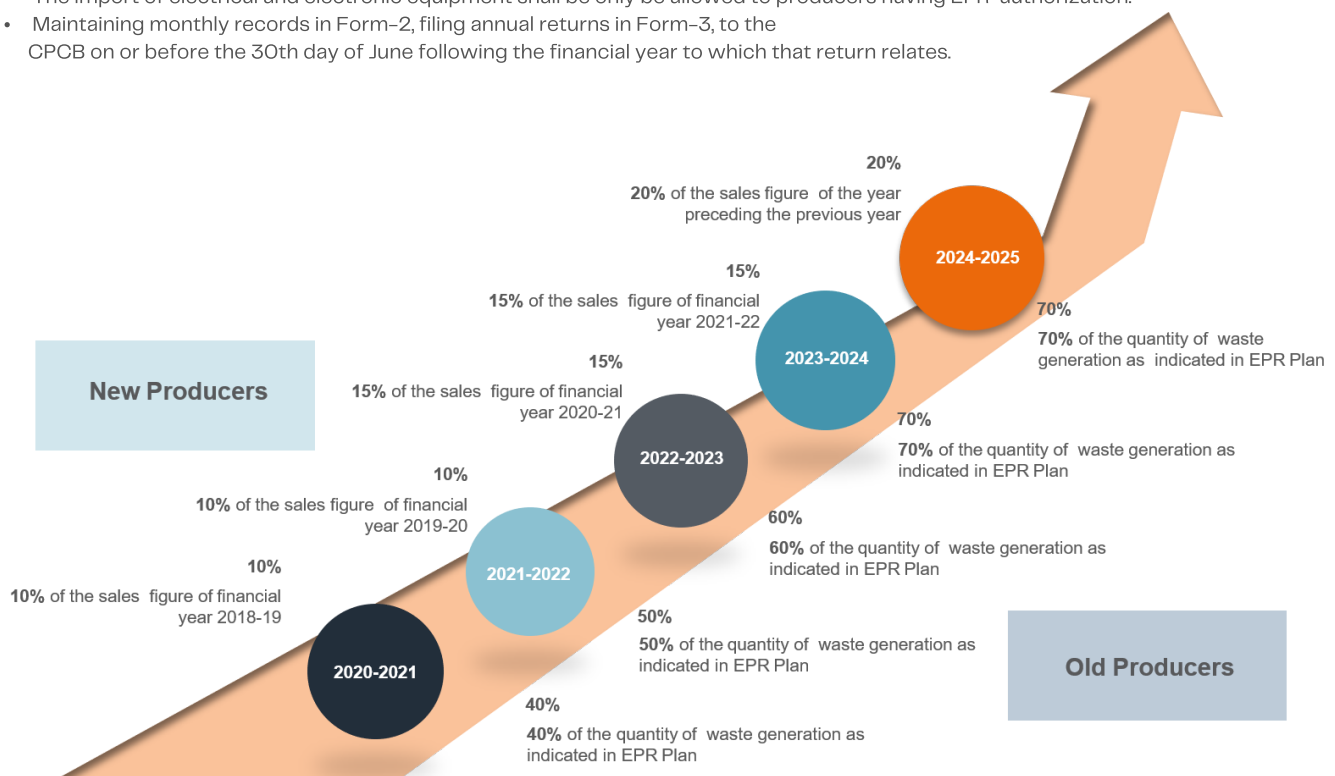

RLG solutions are designed to protect and generate value and to ensure regulatory compliance. We provide full transparency and consistency – within the actual return process and beyond.

Are you a producer?

RESPONSIBILITIES

Implementing the Extended Producers Responsibility with the following frameworks, namely

- Producer shall apply to the CPCB for Authorization in Form 1, Operation without Extended Producer Responsibility Authorization by any producer, as defined in this rule, shall be considered as causing damage to the environment.
- Collection and channelization of e-waste generated from the 'end-of-life' products as per the targets prescribed in Schedule. III in EPR – Authorization.
- The mechanism used for authorized dismantler or recycler shall be as per EPR – Authorization.
- EPR should comprise of general scheme for collection of e-waste from the market where product was placed earlier, such as through dealers, sub dealers, retailers, etc.
- Channelizing the e-waste through Producer Responsibility Organization, buy-back arrangement, exchange scheme, deposit refund system etc. to authorized recyclers or dismantlers.
- Providing contact details such as address, e-mail address, toll-free telephone numbers or helpline numbers to consumer(s) or bulk consumer(s) through their website and product user documentation so as to facilitate return of end-of-life electrical and electronic equipment;
- Creating awareness through media, publications, advertisements, posters, or by any other means of communication.
- The import of electrical and electronic equipment shall be only be allowed to producers having EPR-authorization.
- Maintaining monthly records in Form-2, filing annual returns in Form-3, to the CPCB on or before the 30th day of June following the financial year to which that return relates.

Are you a manufacturer/ bulk consumer?

RESPONSIBILITIES

- Manufacturer/Bulk Consumer shall apply for an authorization by submitting Form 1 (a) to the concerned State Pollution Control Board.
- Collect e-waste generated during the manufacturing of the product and channelize the same for recycling or disposal.
- Ensure that no damage is caused to the environment during storage and transportation of e-waste.
- Maintain records of the e-waste generated, handled and disposed.
- File annual returns in Form-3, to the concerned State Pollution Control Board on or before the 30th day of June following the financial year to which that return relates.

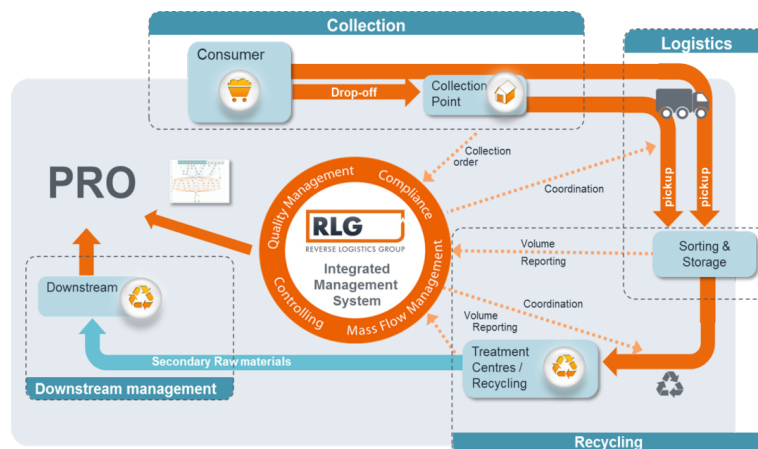

Are you a dealer/ retailer?

RESPONSIBILITIES

- If the dealer has been given the responsibility of collection on behalf of the producer, they shall collect the e-waste by providing the consumer a box, bin or a demarcated area to deposit e-waste or through take back system and send the e-waste collected to collection center or dismantler or recycler as designated by producer.
- The dealer or retailer or e-retailer shall refund the amount as per take back schemes or Deposit Refund Scheme of the producer to the depositor of e-waste and maintain Form-2.
- Every dealer shall ensure that the e-waste, thus generated is safely transported to authorized dismantlers or recyclers
- Ensure that no adverse effect is caused to the environment during storage and transportation of e-waste.

Our Solutions

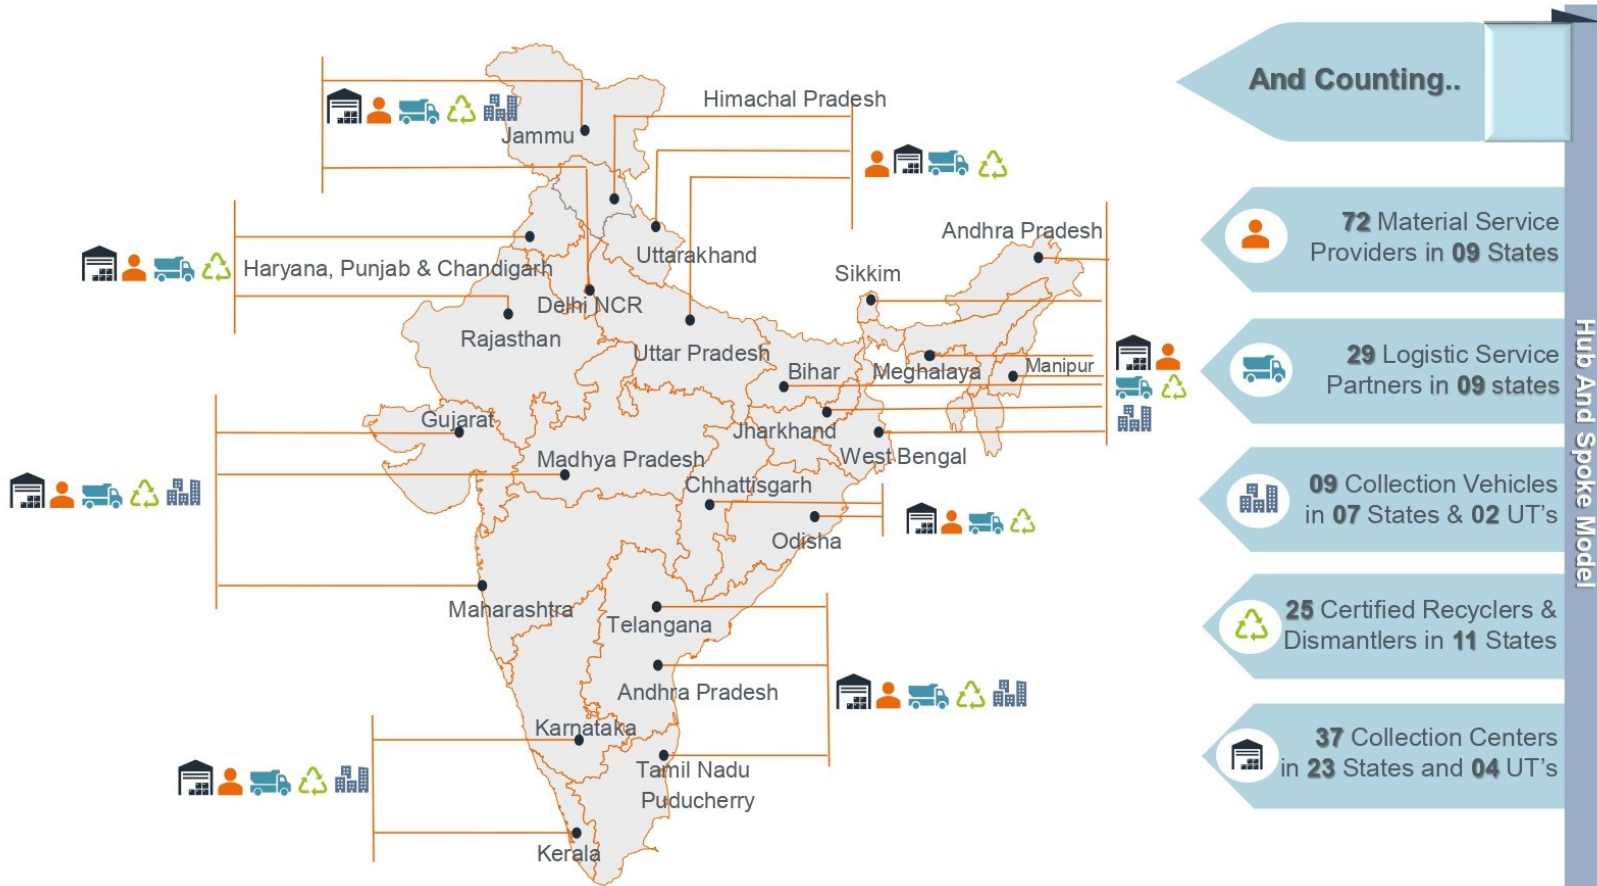

- Neutral sourcing of waste material, logistics & recycling services
- Transparent and legally compliant waste disposal practices
- In-house IT Infrastructure
- Dedicated Toll Free No. (1800 103 1460) & Website (<https://cleantogreen.in>)
- Cost optimization and process efficiency
- Environment Consultancy Services
- Awareness Campaigns
